## COLCRYS® Shar-Pei Canine Assistance Program Application

Thank you for your interest in the URL Pharma COLCRYS® Shar-Pei Canine Assistance Program. URL Pharma offers dog owners in need an opportunity to receive their dog's Colcrys at a low out-of-pocket cost. Upon approval of this application, the medicine will be shipped directly to your home.

Let's begin by seeing if you qualify for this program:

Has your veterinarian recommended that your dog take COLCRYS? Yes  No

Are you a legal resident or a citizen of the United States? Yes  No

Is your dog uninsured for coverage of this medication? Yes  No

If you answered YES to all three questions, then let's continue. If you answered NO to one of the above questions, you may not meet our current eligibility guidelines. We still, however, may be able to help you.

Please provide us with the name of your pet insurance company and the plan:

**Please continue with the application, providing your household size and household income.  
We will review your application to see how else we can help you.**

We need to ask you some questions about your income and household size. Select your household size from the first column. Household size means how many people are living in your household. Go across the row until you find your household gross income level. If your household gross income is more than the income listed in the last column, you may not qualify for this program at this time.
