VOLUNTEERS NEEDED!

The National show committee is looking for a person willing to receive and calculate all the food and special event reservations for this year's Nationals. This would not include Vendors, RV or show/trial entries. But all the rest of the food, events for the week and such. The monies would be collected and forwarded to the Treasurer and a Excel spreadsheet would be used to keep track of everything. Jessica did this last year and will provide the Excel spreadsheet to be used.

We also need an assistant to help Rosie with the Decorations & Awards Banquet Centerpieces. This person would have to attend the Nationals from set-up to tear-down, helping Rosie put up and take down the decorations. Knowledge of making bows and other crafty flourishes is very helpful.

Please contact me by May 15th, if you are interested in either of these positions.

Thank you,
Deanna Liskey | rdliskey@yahoo.com | 510-795-9456

SHAR-PEI HEALTH SURVEY FUND RAISER

We wanted to give you a quick update on the Health Survey Fund Raiser. From January 1 through March 31 we have had 198 surveys filled out -- looks like the average is 64-65 per month. Last year there were only 233 surveys filled out all year so we are close to reaching that number, but we can do better than this. Every person that owns a Shar-Pei can fill out a survey for each Shar-Pei they own. It helps to fill out surveys for healthy dogs as well. For each survey that is filled out, \$2 will be donated to the Chinese Shar-Pei Charitable Trust and \$2 will be donated to the CSPCA Rescue Fund. The results of the surveys are used to determine the most major health issues in the breed. This information is used in knowing how to best use our research dollars to fund the biggest health issues. The survey only takes about 5 minutes of your time for each dog. It is an investment in the future of the breed and also as a way to help earn money for our two worthy causes. We hope you will take time to contribute to the worthy project.

Junior Membership Drive

The CSPCA is sponsoring a Junior Membership Drive in an effort to get more Juniors enrolled in our club. We hope the Juniors will get involved in the club and participate in Junior Showmanship.

The contest will run from January 1, 2016 to September 1, 2016. The winner will be announced at the General meeting at the 2016 Nationals. In order to get credit, your name must be listed as the junior member's sponsor on the membership application. For every new Junior that a CSPCA Member Sponsors, they will receive 1 point and the person with the most points at the end of the contest will win. In the case of a tie, the member who brought in the most Junior members earliest will be the winner. The free 1 year membership in the CSPCA can be used to renew your membership or to extend your current membership.

PRIZES-

1st Place- \$115 in prizes -1 year free CSPCA membership, Free Nationals T-shirt, \$50 worth of Raffle tickets to use for the raffle at nationals

2nd- Place- \$65 in prizes - \$50 worth of raffle tickets to use for the raffle at nationals. Free nationals T- Shirt

Director at Large—Susan Bedingfield

Just a reminder: Only members with Individual, Family & Lifetime memberships are eligible to vote in our elections. Associates and Foreign Memberships are not eligible to vote. Ballots will be mailed out at the end of July to all members of the club that were in good standing on June 1. Ballots must be returned to the Parliamentarians by August 31 to be valid.

Zone Survey Results

Thanks to all the members who took the time to study and respond to the National Location zone and rotation survey that was sent out a few weeks ago. As we reported previously, the proposal received overwhelming support. Consequently, the board has voted to implement the new zone breakdown and suggested rotation beginning with the 2019 National to be held in Zone 4 East. Attached is a copy of the new Zone Map and a 10 year rotation schedule. Again, let me remind you that this does not affect the current 3 region breakdown for voting and representation, but applies to the geographical location of future National Specialties ONLY. Ann Cookson and the CSPCA Board.

A Special Announcement

Dear Members of CSPCA,

Here is some very exciting news for all Shar-Pei owners and breeders. Dr. Linda Tintle contacted me today as she was notified that a press release was coming out today about the availability of the long awaited genetic test for Shar-Pei inflammatory disease. See attached press release.

A validated genetic test is now available to measure the copy number variant (CNV) linked to Shar-Pei Autoinflammatory Disease (SPAID), reveals an international collaboration lead by scientists and veterinarians at Uppsala, Sweden and Wurtsboro, New York, USA. Details were published in the April 23 edition of the open-access journal BMC Genomics.

Dr. Tintle said the blood tests will be conducted at a laboratory at Cornell in the US and in Sweden for the EU. She will be providing us with some more information on the process and specifics of testing of our dogs. The final testing process is still being finalized with the testing laboratories. She is sure many will have questions and these will be addressed in time.

For those of you attending nationals this year in York, PA we are fortunate to have Dr. Linda Tintle giving a seminar. I am sure this exciting news will be part of the seminar.

Dr. Linda Tintle Seminar

ANNOUNCING A GENETIC TEST FOR SHAR-PEI AUTO INFLAMMATORY DISEASE (SPAID)

A validated genetic test is now available to measure the copy number variant (CNV) linked to Shar-Pei Autoinflammatory Disease (SPAID), reveals an international collaboration lead by scientists and veterinarians at Uppsala, Sweden and Wurtsboro, New York, USA. Details were published in the April 23 edition of the open--access journal BMC Genomics. <http://bmcgenomics.biomedcentral.com/articles/10.1186/s12864--016--2619--0>

This work represents the third step in the group's ongoing research into the relationship between the Shar-Pei dog breed's unique skin appearance and a complex hereditary syndrome, SPAID. In 2011, the team first reported the existence of a duplicated segment of DNA upstream of the gene hyaluronan synthase 2 (HAS2) in Chinese Shar-Pei which was linked to the overproduction of hyaluronan. This molecule is required to form the breed's characteristic thickened and wrinkled skin, however, overproduction can drive the activation of the dog's immune system and result in a periodic fever. The group noted that the dogs with the highest number of duplicated copies carried the highest risk of suffering recurrent fever flares. The term SPAID was coined in 2013 when the same team published the results of their second genetic study showing that fever was only one of five clinical signs that were linked to the same region of the genome. The others were arthritis, otitis, vesicular hyaluronosis and amyloidosis.

The breakthrough in translating their research into a test that could accurately determine the true copy number variation (CNV) of this duplication came through access to new technology, explains senior author of the study, Dr Jennifer Meadows. "The results were so elegant; with droplet digital PCR we were able to follow the inheritance of the CNV over multiple generations, showing how the duplication was passed from parents to their litter." She adds, "This clarity meant we could finally calculate that if a dog has five copies of the CNV on one chromosome, it is four times more likely to suffer SPAID".

A graphic of the process mentioned by Dr Meadows is illustrated. The image shows a sire with a copy number of six (CNV = 6, light blue). This means that he has five copies on one chromosome, and one copy on the other. The dam has a copy number of ten (CNV = 10, dark blue). In this case, there are five copies of the CNV on each of her two chromosomes.

In this example we can see that the litter consists of four puppies, two with CNV = 10 (5|5) and two with CNV = 6 (1|5). Using the light and dark blue coloured copies we can see which were inherited from the father (either the 5 or 1), and which were inherited from the mother (either the 5 or 5).

Dr Linda Tintle, a veterinarian with more than twenty years striving to improve the breed's welfare notes, "The wait for our first genetic test is over. We can now breed away from dogs with a CNV =10. These are the individuals most likely to suffer the debilitating signs of SPAID, including Shar-Pei Fever".

"This breed is incredibly special", says Dr Meadows. "The more we learn about the interplay between hyaluronan and the inflammatory immune response, the more we can contribute to both human and Shar-Pei health".

The test will be offered in Europe through SLU, Sweden with an American centre to follow shortly.

AWARDS DEADLINE REMINDER - 2016

This is the reminder of CSPCA Awards deadline for 2016. The following is a list of the Awards that must be applied for. For a reminder of the requirements for each award please see the CSPCA website, or e-mail the Committee Chairman for further clarification. Unless stated otherwise, we are trying to get all awards turned in by August 3, 2016.

Agility Awards

The AKC top agility dogs report only shows dogs competing at the highest level, so in order to receive recognition it is the responsibility of the owner/handler to keep up with the required information and submit it to the Agility Chairperson. You must send the information from each qualifying leg of a title—score, standard course time, actual time, and placement (if any) to the Agility Chairman by July 1 each year. Send your certifications and paperwork to the *Committee Chairman: Paula Perry; P. O. Box 335; Wolfforth, TX 79382; E-mail: PaulaPei@yahoo.com*

AKC Outstanding Sportsmanship Award

Any CSPCA member in good standing or any CSPCA Affiliated club may nominate any CSPCA member in good standing for this award based on the AKC Code of Sportsmanship. Nominations open on June 15, and must be received by the current CSPCA Secretary on or before August 1 each year. Nominations must be submitted in writing, and limited to 300 words or less, and signed by the person submitting the nomination. All nominees and nominators will be verified as to being members in good standing of the CSPCA before a nomination is considered. Send nominations to *CSPCA Secretary: Melissa Castillo, 1587 Club Drive, Pomona, CA 91768, Melissa.castillo2@laverne.edu*

CGC Awards

Any CSPCA member that has a Shar-Pei that has passed a CGC test in the past year is eligible to be recognized by having their dog's name listed in The Barker. If your dog passed a CGC test during 2015, please send a copy of the test results or the CGC certificate by the deadline of August 1 to: *Joni Monnich, 3929 W 113 Ave., Crown Point, IN 46302, sharpei4u@earthlink.net*

CSPCA Canine Distinguished Service Award

Any CSPCA member or CSPCA Affiliated Club can nominate a Shar-Pei. This award is to recognize any Shar-Pei that has made an extraordinary contribution to their community or to an individual. This must be something that is above and beyond their normal contribution as a member of a family in order to be recognized for this award. Nominations must be received by the August 1 deadline. Nominations should be submitted to the *CSPCA Secretary: Melissa Castillo, 1587 Club Drive, Pomona, CA 91768, Melissa.castillo2@laverne.edu*

CSPCA Lifetime Membership

Periodically the CSPCA Board of Directors will honor a member of the club with a lifetime membership in recognition of outstanding service to the Club and the breed. Anyone that has been a member for 20 or more years may be considered for a lifetime membership. Contributions to the Club over the 20 years will be a determination of this membership. Nominations must be received by the August 1 deadline. Nominations should be submitted to the *CSPCA Secretary: Melissa Castillo, 1587 Club Drive, Pomona, CA 91768, Melissa.castillo2@laverne.edu*

Obedience and Rally Awards

The Top Obedience and Rally Awards recognize the highest scoring Obedience and Rally dogs for the year, running from January 1 to December 31. The Awards for the previous year are given at Nationals. It is the responsibility of the handler to keep track of the required information and submit it to the CSPCA Obedience Advisor. You must send the information from each qualifying leg- show, location, date and score, by March 30. Send your information to: *Dr. Jeff Vidt, 210 S. Park St., Westmont, IL 60559 or Email- drjwv@aol.com*

Morison Award- Any CSPCA member can nominate someone for this Award. An explanation of 250 words or less as to why the nominee deserves recognition for this award must accompany all nominations. All nominations must be signed, and you must be a member of the CSPCA to make a nomination. All nominations must be submitted by July 1.

Send your nominations to: *Dr. Jeff Vidt; 210 S. Park St.; Westmont, IL 60559 E-mail- drjwv@aol.com*

Rescue Awards

Rescue Award nominations to be presented at the National Specialty are due to Debby Smith no later than June 1. Please submit your nomination, explaining why you feel the individual should be nominated for a rescue award in 100 words or less. Nominees must be members in good standing of the Chinese Shar-Pei Club of America, and nomination must include active rescue work undertaken by the individual. Forever Home Needed

Rocky

Hi, I'm Rocky! I am a very sweet, social older boy. I am very underweight and will need some extra yummy food to gain some weight. I am just settling in my new foster home and live with children and dogs. I hear it was very close for me in the shelter but I am loving life now in a home with all the food I need. As you can see food wasn't always available to me in my former life. Once I gain weight I can be neutered and go to my forever home. Please check in on me at www.sharpeirescueofva.org.

Forever Homes Needed

Peanut

My name is Peanut and I am a scared little boy found as a stray. MACSPRO brought me in young, underweight and alone. Just over a year old, I am full grown, but on the small side for a Pei. I would fit right into an apartment. Just my size! My teeth were crooked and causing me a lot of pain. So after being neutered, and having my teeth done, I am less nervous, I warm up and am more comfortable around new people. I like to play with a ball and chase with my human friends. Won't you make me part of your family where I can feel safe and comfortable? I am a sweet boy hiding inside, waiting to come out and feel loved. Find more info about me at www.macspro.org.
Mid-Atlantic Chinese Shar-Pei Rescue Operation, Inc.

Deacon

Deacon was rescued from a home where he spent all the time outside. He has cherry eye in both eyes. Deacon made his way from SC to FL. On April 15th, he was neutered, vaccinated and found to be Heartworm Negative.

April 25th: Poor Deacon blew out his knee today. He was showing signs of patellar luxation before, but after playing rough, he is not able to complete bear weight on it, and the knee cap is clearly to the lateral side.

April 26th: Deacon will be having surgery tomorrow to repair his knee. He saw the orthopedic today and was found to have a torn meniscus, torn ACL, and a luxating patella. Following surgery he will require being kept quiet and relatively inactive for 6 to 8 weeks. His cherry eye surgery will have to be postponed until his recovery from tomorrow's surgery is complete.

Deacon will be available for adoption after his cherry eye surgery. Find more information on Deacon at <http://floridasharpeirescue.com/new-arrival-deacon/>

Successful Rescues

ADOPTED

Cruz (formerly Thirteen) came to MACSPRO from Brooklyn, NY thru the efforts of Nancy Berg. A referral from Sally Flonte directed a potential adopter to us who was looking for a dog around 2 years old. She set her sights on Cruz, a cream boy who was with a foster mom in Baltimore. Arrangements were made to have Cruz at the monthly MACSPRO Adoption Event in Olney MD. Allison (a former Pei owner) and her Mom Cindy, drove from Pearl River NY to meet him in Maryland. They immediately hit it off, but the meeting was cut short when their older dog who came with them to meet Cruz fell ill and had to go to the emergency vet. Unfortunately, their older dog passed over the Rainbow Bridge.

Allison & Cindy came back to Olney to take Cruz home with them to fill the space left by 2 dogs. Cruz settled right in at home in NY and is keeping them entertained with his antics & tricks.

Trixie: A Success Story

Trixie is a 12 week old female shar-pei, who came to us after being found on a golf course in central Florida. She was presumably injured and this injury resulted in nerve damage causing paralysis of her left front paw. Upon initial veterinary examination, after joining FSPR, she was found to have some pain in the left shoulder so the doctor believes that is likely where the injury occurred and this caused radial nerve paralysis. We have consulted with an orthopedic veterinary office and our next step is a neurology veterinarian to determine the extent of the damage and the best possible treatment plan. There is a possibility her left front leg will require amputation.

UPDATE #1: Trixie is now around 4 months old and has been evaluated by 2 neurologists. Unfortunately, the prognosis for saving her leg isn't a positive one. It is the recommendation of both neurologists that her leg be amputated due to nerve damage that cannot be reversed. Our final attempt to save Trixie's leg will be a consult with a prosthetics specialist who would like to make a brace if possible and avoid amputation.

UPDATE #2: After much contemplation and several professional consults, FSPR has decided it is in Trixie's best interest to move forward with amputation of her paralyzed left front leg. Her tentative surgery date is mid-March.

UPDATE #3: Trixie has had her surgery and it was successful. She is now on the road to recovery and has stolen many hearts along the way, including those of her foster family! It looks like Trixie has found her forever home right where she is. Her foster family has decided to adopt her.
