

Chinese Shar-Pei that have Qualified for CHIC Registration

In 2005 the CSPCA joined the Canine Health Information Center (CHIC) program. Our club set up the five (5) requirements needed to be fulfilled in order to be CHIC certified. The health tests required for our breed are: Elbow Dysplasia (X-ray), Hip Dysplasia (X-ray) Patellar Luxation (Vet exam), Autoimmune Thyroiditis (blood test), CERF eye exam (canine ophthalmologist exam). You must also agree to have your test results published on the Orthopedic Foundation for Animals (OFA) website. Your dog does not have to pass all the exams to be CHIC certified, but you must do all the testing for certification.

Each dog that gets their CHIC certifications receive the CHIC pin. Chinese Shar-Pei that have meet the requirements for the CHIC program are listed below. You can find the most current list of Shar-Pei that have meet these requirements at the following link: <http://www.caninehealthinfo.org/search.html> - Enter Chinese Shar-Pei for the breed and that will take you to the list of our dogs that are CHIC certified.
